Hi Mike –

Sorry, but we aren't entirely comfortable with CARB's suggested insertion of "effective date." We suggest language that is closer to the CAA. For that reason, we recommend the following edits below. If you'd like to discuss further, Jesse and I are available for a brief call. Hopefully you'll be able to see the cross-outs and underlines.

Under this commitment, the South Coast AQMD will adopt the rule and/or rule amendment and transmit the adopted/amended rule(s) to CARB to allow CARB to submit it to U.S. EPA not later than 1 year after the ~~within 12 months of the effective date of the~~ U.S. EPA's ~~final action~~ conditional approval ~~on~~ of the RFP and attainment contingency measure element for Coachella Valley for the 2008 8-hour ozone standard.

Thanks for your excellent coordination.

Thanks John. I just found out that there is currently no major railyards in Coachella Valley so I removed that rule from the list. In addition, it was suggested we could also limit an exemption, so I updated the letter accordingly.

Thanks Mike.

We may have one more suggested edit. I'll try to get back to you later today or tomorrow.

Hi John, Jeff – are you ok with this minor change in the commitment letter. We believe it makes the statement clearer. Thx, Mike

Under this commitment, the South Coast AQMD will adopt the rule and/or rule amendment and transmit the adopted / amended rule(s) to CARB to allow CARB to submit it to U.S. EPA within 12 months of the effective date of U.S. EPA's ~~final action~~ conditional approval on the RFP and attainment contingency measure element for Coachella Valley for the 2008 8-hour ozone standard.
